## Dassault - Marvel of Engineering

---

Big cabin, great short-runway performance and long legs.  
This has been the winning formula for Dassault's Falcon 900  
series for nearly 30 years through multiple upgraded iterations

---

## Trijet design for extreme operations

---

The Falcon 900's trijet design lets you get into and out of airports you wouldn't dare try to use in a comparable twinjet, especially on hot days. Its intelligent, strategically applied combination of fuselage materials deliver superior fuel economy.

---

# High class delivered

---

All this makes the Falcon 900B one of the most famous and safest business jet on the market, mixed with the high class of French elegance.
